Hi Carlos – hope all is well. Hello to Ava.

Couple things for you – if you want to give me a call (number below) or just email me back.

We met with the council office last week, at the request of your neighbors – K24 and St. Felix. (I've copied everyone here.) We are trying to make things less confusing on that south half of the Cahuenga block. The no-parking and tow-away signs seem to be remnants of a time when there were five valets on that block – which was a crazy time. So, we are working with DOT to consolidate and make sense of the signage.

To that end, there is a passenger loading zone in front of your property (near the retail store). We'd like to see that returned to a metered parking spot, and then there would be a passenger loading zone in front of K24, which will turn into a valet parking zone after 6 p.m.

The council office needs your permission to do that – can you let us know?

Also, I do want to talk with you re/ some of the measures we are trying to take to discourage folks hanging out and loitering in the alley. It has become a problem all over Hollywood (increasingly) these past several months, and I understand that there are used needles showing up behind the properties that are dark at night. Let's talk about installing some lights (or the kind that turn one when people walk by) to serve as a deterrent.

Let me know – look forward to talking with you.

Kerry

Alley Stakeholders,

Unfortunately this meeting has been cancelled due to scheduling conflicts. We will reconvene at a later date – our apologies for the short notice.

Best regards,

MATTHEW SEVERSON*Operations Coordinator*
